Books by Christine Feehan

Christine King (Feehan) was born in California, USA. She grew up with 10 sisters and 3 brothers. She spent a lot of time getting in trouble at school for writing instead of doing the things she was supposed to do. Later she forced her ten sisters to read every word. She said: "I've been a writer all of my life -- it is who I am. I write for myself and always have. The ability to create pictures and emotions with words is such a miracle to me. I read everything. I mean everything. All kinds of books, even encyclopedias. I am fascinated by the written word and I love storytellers. It is a great privilege to be counted one myself."
