## Culinary Themed Mysteries IV

Culinary mysteries are cozies with a twist— they feature food, and sometimes include recipes. The murder takes place offstage, with gore and violence kept to a minimum. There may be a romance brewing, but you won't find explicit sex between the covers of a cozy.

The sleuths are usually (but not always) female amateurs who use specialized skills or knowledge they've acquired to solve the crime, and small-town settings and gossip are integral parts of the plot.
