## Culinary Themed Mysteries V Diane Mott Davidson

Diane Mott Davidson is the author of the Goldie Schulz Mystery novels. The series fits into the cozy line where murder finds its way into a small town. Gore and violence are kept to a minimum as Goldie, our amateur sleuth, stumbles upon the murder victim, solving the mystery as only she can. Ms Schulz owns and operates her own catering business and her stories have a food theme. Several recipes are included in each novel, and the titles are a play on a food or drink word.

The series has now reached 15 books, most of which can be found in audio as well as print format.
